If you or a loved one struggle with a gambling problem, there is hope. Whether you cannot seem to stop casino gambling in Atlantic City or betting on fantasy sports from the comfort of your home, treatment and support are readily available. The Council on Compulsive Gambling of New Jersey (CCGN) has helped countless people recover from disordered gambling since its inception. By facilitating access to various programs, services and other resources, we work to educate the public about this disorder and provide aid to anyone who needs it. Our free hotline - 800-GAMBLER - gives compulsive gamblers and their loved ones confidential assistance 24/7. If you call or text your number, know that you will be treated with compassion and understanding. Reaching out for help signifies bravery and strength - not weakness. If you or a loved one struggle with gambling problems, we offer support, treatment, and hope.
